NOTICE TO ALL CUSTOMERS

Important Announcement Re: URLA - Importing the Loan

Due to a delay with our LOS vendor, the 3.4 file is not an available option when importing the URLA. You may still import the 3.4 or the ILAD but will **need to select the ILAD option** in the drop down screen. This option will work for both file types. *Please see the image below.* We anticipate having the 3.4 file type available within the next couple of weeks.

We apologize for this delay and appreciate your understanding on this matter. If you have any questions, please contact your Account Executive.
