

The New URLA Training Webinar is Here!

The webinar will provide an inside look at importing, running AUS, and going through the new FLCBank Lending Portal - URLA screens.

Reminder: Effective for applications dated **Monday, March 1, 2021** and later.

The following webinar was pre-recorded. If you have any questions please reach out to your AE or your CRR at FLCBank.

Keep in mind that the loan application process does not change for lender or borrower, but the changes support the collection of loan application details that are relevant and useful in making an underwriting decision.
